PROTECT

Asset Protection & Safety

Protect your infrastructure and personnel with our robust safety solutions:

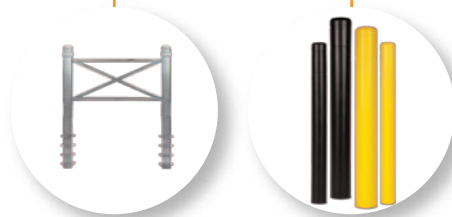

- **EcoFlex, EcoRigid, EcoSuperFlex Bumpers**
Flexible and impact-resistant options for wall and fixture protection.
- **Corner Guards & Bollards**
Stainless steel and high-impact polymer guards to shield vulnerable areas.

Dock Door Protectors

Are fork lifts damaging the loading dock doors?

Our dock door protectors safeguard both the door panels when in the down position as well as the door tracks in the up position.

Boston Group's Back-of-House (BOH)

This product line is engineered to safeguard your warehouse infrastructure from the rigors of daily operations. Designed for durability, visibility, and ease of installation, these solutions are ideal for distribution centers, logistics hubs, and industrial environments.

- **Pallet Rack Protection**
Built to prevent costly damage to racking systems. Available in a wide range of colors.
- **Box Rail Impact Protection**
High-profile, heavy-duty rail designed to absorb and deflect impacts.

FIXTURE

Service Desks and Admin Work/Pack Stations

Modular Workstations Built for Performance and Flexibility

Boston Group's Service Desks are designed to meet the evolving needs of warehouse environments. Our desks and cabinets offer a seamless blend of durability, adaptability, and integrated technology. More than just furniture—our solutions are smart and scalable to support your team and streamline your operations.

- **Modular Design**
Easily configurable to fit any space or workflow.
- **Durable Materials**
Built to last in high-traffic environments, using robust materials that resist wear and tear.
- **Sustainable & Stylish**
Available in a wide range of colors and finishes, with components that are 100% recyclable.

Fixed and Rolling Tables Built for the Demands of Modern Warehousing

High-performance tables and workstations engineered for the fast-paced environments of warehouses and distribution centers.

Whether you need fixed tables for stability and heavy-duty tasks or rolling tables for flexible, mobile workflows — we've got you covered.

- **Durable Construction**
Built to withstand daily wear and tear in high-traffic industrial settings.
- **Customizable Options**
Choose from a variety of sizes, surfaces, and configurations to meet your exact needs.
- **Mobility When You Need It**
Our rolling tables offer smooth maneuverability without compromising strength.
- **Ergonomic Design**
Improve worker comfort and productivity with thoughtfully designed work surface.

Lockable Storage

Boston Group Security Systems provide several features and benefits that enhance safety, deter crime, and protect assets.

- Enhance Security and Reduce Loss
- Versatile and Customizable Solutions
- Durable and Cost-Effective
- Compliant and Reliable
- Expert Support and Partnership

Loss Prevention Solutions for Interior and Exterior Uses

Boston Group's Security Gates and Cages are engineered to provide robust protection for high-value merchandise and sensitive areas.

Designed with both functionality and aesthetics in mind, these solutions help deter theft, enhance safety, and maintain visibility.

Cages and Security Doors

Ideal for securing valuable products with rugged tubular frame construction.

Durable Construction

- Made from steel, aluminum, and plexiglass for long-lasting performance.
- Optional multi-point locking systems for enhanced security.

Flexible Configurations

- Available in custom sizes.
- Numerous options for doors and locking mechanisms.
- Powder-coated frames in any desired color.

POWER

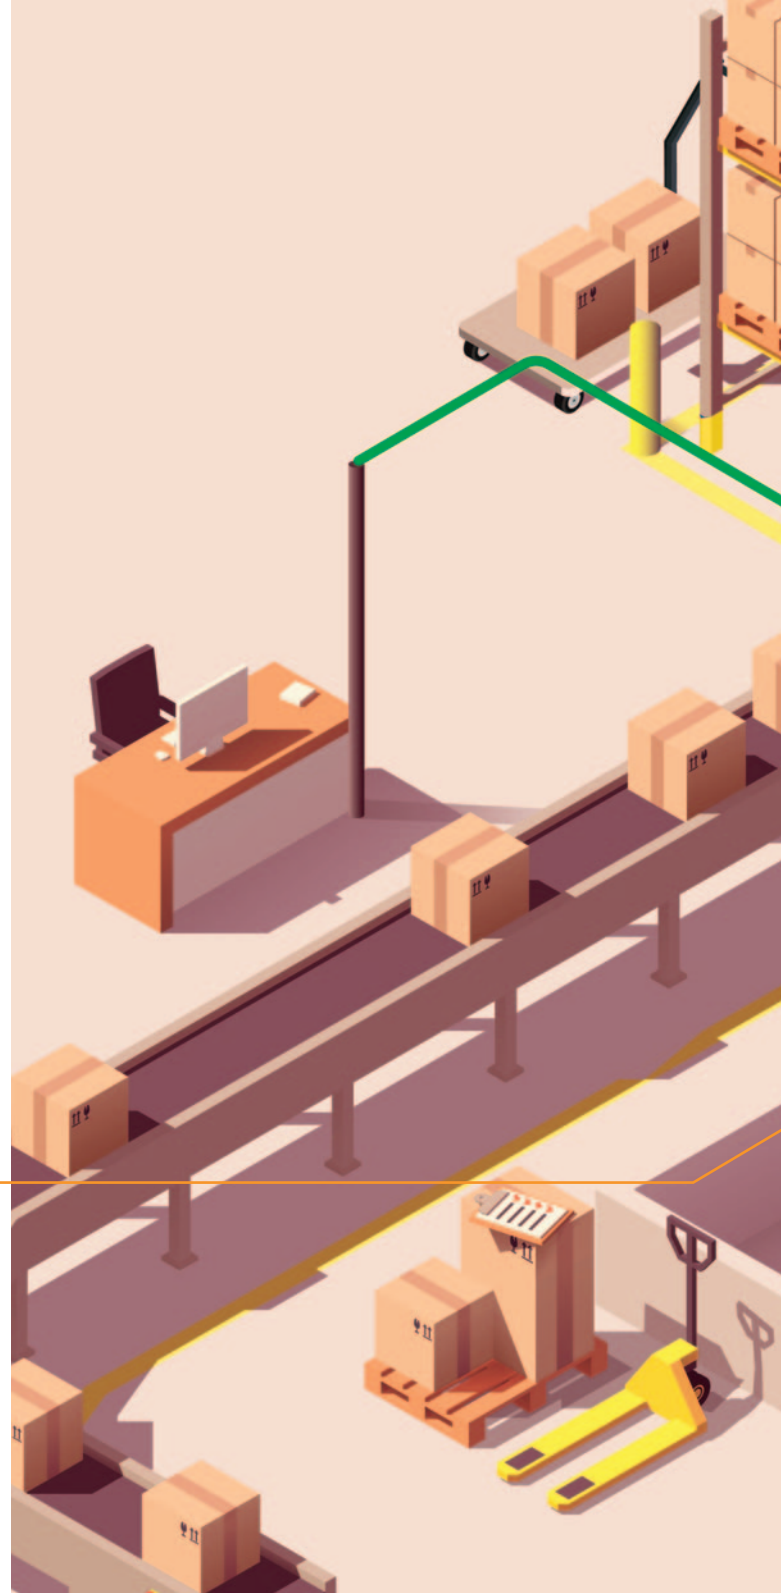

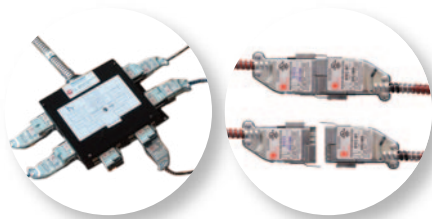

FASTLANE® Total Store 'Plug&Play' System

Boston Group's FastLane® modular wiring solutions are cost-effective 'Plug & Play' wiring methods that carry power and voice/data from electrical and computer patch panels to your selling floor.

Our FastLane® wiring solutions are custom designed and configured to meet your specific needs while still allowing for a 100% functional, pre-tested modular installation. The system arrives 'as-designed' to eliminate hard wiring and 'on-the-fly design' common with traditional methods. Save installation time and labor costs with quick, reliable connections from the switch gear to point-of-use.

FASTLANE® Total 'Plug&Play' System

POWER

PROTECT

FIXTURE

Our total end to end solution of product and service provides power to all areas of a warehouse: lighting, office and service areas. Currently, our systems are installed in thousands of locations across US, Canada and Mexico.
